OUR MISSION

The **Business Student Council (BSC)** is committed to building Carlos Alvarez College of Business relationships between faculty and other Registered Student Organizations and preparing student leaders through professional development. The purpose of the Business Student Council is to provide our members with all the tools necessary to become successful student leaders and professionals who can excel in the workforce. We are composed of a diverse group of students, representing all business majors as well as business student organizations.

OUR VISION

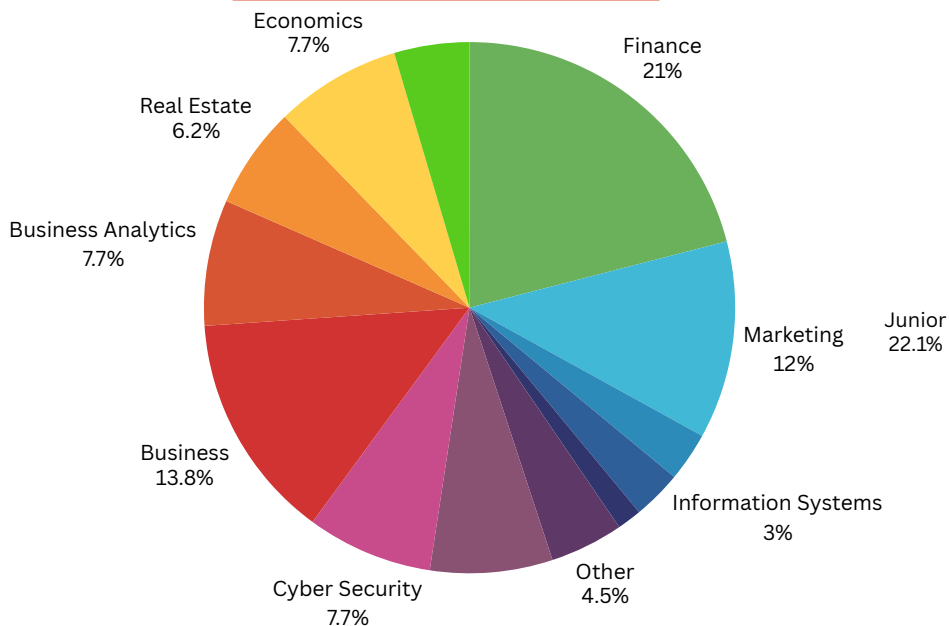

While the primary focus is providing our members with workshops or professional development opportunities to help them grow, BSC is moving to become more of a voice for other Registered Student Organizations (RSOs). We would like to host events where we can network with others and, as a result, increasing collaborations amongst the Alvarez College of Business (ACOB). Creating an interconnected web would provide resources to a larger audience and in turn benefit the school as well.

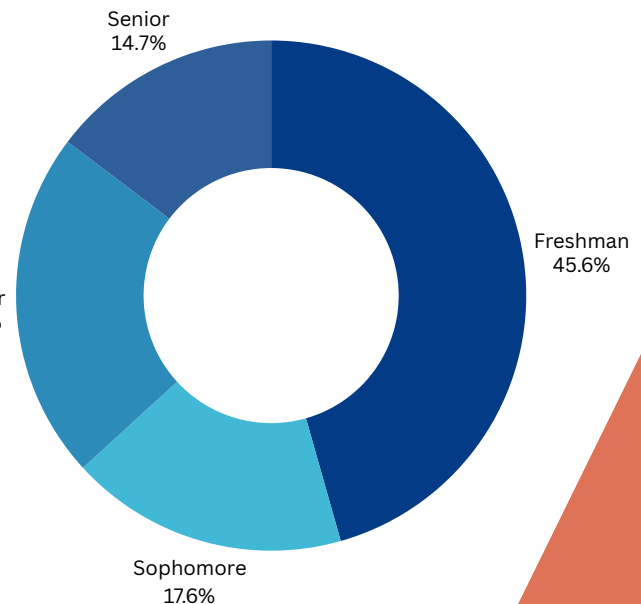

MEMBERS

Our members are comprised of a select group of 50+ students that have each gone through a formal application and interview process. Our members have a variety of majors, including Finance, Marketing, Business Analytics, Economics, Cybersecurity, and more.

At the end of each semester, we support our members by offering a scholarship to help further their academic goals.

We've participated in volunteer events such as Girls on the Run, UTSA Day, Foodbank, and more.

As a forward-thinking organization, BSC recognizes the immense value of such gatherings and aims to position itself as an integral force in creating these opportunities for its members.
